

Good morning Lancers,

Mr. Junik here with an early week update.

As we enter week two of our online schooling, please make sure you are checking schoology and google classroom daily. Your teachers are updating and adding content all the time. Not only am I so proud of our faculty for learning new techniques and technology so quickly, I am so proud of you students... we had a 99% completion rate last week... and that 1% missing was mostly due to technical issues.

This week you will see teachers ramping up content and teaching of material. Expect that you will need to sit down and do work, watch videos, and complete more content-based assignments. Please make sure you are constantly checking your email. Please make sure you log in and meet your teachers for office hours... the first of which start today with Social Studies.

Office hours for all AP and Regents classes are posted on your schoology and google classroom pages.

If you have any questions or concerns, please make sure to email. Although in school a little bit, It is much easier for me and your teachers to answer direct questions via email.

A full transcript of this message can be found on our website and...

As I let you go for yet another week of quarantine... Please know that my prayers are with you and your families always! Stay safe... Good Luck and God Bless.
