

5/26/20 update

Good morning everyone... hope you had a marvelous holiday weekend... i hope you are enjoying the wonderful weather.

Happy birthday shoutouts go out this week to...

Emily Pastwik

Kathryn Pyszczyk

And Brody Crane... enjoy your day guys!

Ok... we are in the home stretch! I want to welcome our newest Lancers to our Biweekly chats... Big Shoutout to all those listening from the Class of 2024... Once a Lancer... Always a Lancer!

Please remember to communicate with your teachers! If you have issues or concerns with grades, with milestones, with the final project... communicate! EMAIL! Teachers are in this with you... they want you to succeed!

On that note...

Final projects are all due by Sunday night! This project grade will act as your final exam grade... so please work hard and smart! Remember, these grades will be on your report card and part of your final transcripts... a little effort this week can really pay off long term!

Our 116th commencement will be this Thursday, May 28th. In this year of Corona... we will be showing a movie titled... "2020 - A Graduation Story" While the seniors will be watching at the Drive-in... a link will be provided to anyone not able to attend. That link will go live at 9pm on the 28th as well.

Yearbooks... Our yearbook company believes that they will have yearbooks ready to ship by the end of June. When they arrive, we will be certain to communicate that, as well as coordinating pick up times.

If you have not yet cleaned out your locker... PLEASE make sure you do that sometime this week! The school is open from 8-1pm... make sure you are wearing a mask!

Have a wonderful week... Stay safe... God Bless
