

# St. Mary's High School

Due to the ongoing pandemic, we highly encourage all students to bring their own hand sanitizer, face masks, and small pack of tissues with them each day to school.

Please note: Teachers will provide a list of any specific supplies needed the first day of classes.

## The only supplies students should have with them on the first day of school:

- Pens
- Paper (a small supply)
- Graphing calculator
- Chromebook (and charger if needed)
