

Personal Touch

FOOD SERVICE

Parents:

Personal Touch Food Service, current provider of dining services at St. Mary's High School, is proud to provide Myschoolbucks! This online payment provides you with a quick and easy way to pre-pay for your student's meals and add money to their account.

All lunches, snacks, and beverages will need to either pre-paid for through the MYSchoolbucks app or you may choose to bring in a check or cash. All accounts must be in a positive and must be enough to cover the full purchase.

We do not extend credit even if your child forgot their lunch .

Any questions or issues with the MYSchoolbucks app please call: 1-855-832-5226

Please be sure to tell them you are calling from ST. Mary's high school in Lancaster (not Lancaster school)

The school cafeteria does not have access and cannot answer any Myschoolbucks questions.

Enrollment is easy:

1. Go to www.myschoolbucks.com and register for a free account
2. Add your student using their school ID number (provided by the School)
3. Make prepayments to your students account with your debit or credit card when ever you desire

About Us...

For the last thirty-five plus years the purpose and strategy of ***Personal Touch Food Service*** has been guided by an old concept of simple hospitality. It works because we are a family-owned company. Our approach to cooking and connecting is an authentic differentiator that positively impacts the experience students have.

We are a regional company but a leader in our industry. We feed hungry people in locations across western NY by providing high quality food service in businesses, residential care, higher education, and public, private and charter schools. What matters to us most is that our first client is our oldest client, and there is no higher compliment than a long-standing client validating our relationship by sending colleagues our way.

We're Different. So is St. Mary's High School –

We create customized food service plans and menus that reflect your individual culinary needs and respects your constraints

We Love Food –

We love to taste it, eat it, smell it, feel it and serve it up to hungry students

We Love People –

People are at the heart of what we do and why we do it. We celebrate people and food with a personal touch

We're Fresh –

Our preference for real cooking using the freshest ingredients controls costs, produces savory flavors, and reduces the amount of salt, sugar and oils used to ensure students have access to a balanced meal in the right proportions

Wellness Matters –

We're in this business because we know the importance of nutrition. We have our own registered dietician working alongside our cooks and chefs to develop recipes and implement menu offerings

We Run Deep –

We have deep roots in the communities we serve. We give back in countless ways by supporting the communities that we live and work in with our time, talent and treasure
